The Florida Department of Education is pleased to announce the release of the 2020-2021 School, District, and State Report Cards in the Know Your School (<http://edudata.fldoe.org>).

These report cards serve as a valuable resource for parents, educators and stakeholders by offering greater transparency into how Florida's districts and schools are doing regarding student achievement and success. It not only provides the 20-2021 performance data, but also contains a State Report Card, educator qualifications and equity, per-pupil expenditures, and national data.

The department will continue to update information in the report cards as new data becomes available, as well as develop new enhancements based on user feedback received through the portal. News and updates about ongoing enhancements will be provided to those who subscribe through the portal.
